**After 30 years of dissemination, have we achieved sustained practice change in motivational interviewing?**
*Addiction, 111:7 (2016)*

**Are take-home naloxone programmes effective? Systematic review utilizing application of the Bradford Hill criteria**
*Addiction, 111:7 (2016)*

**Misuse of prescription drugs and overdose deaths**
*Journal of Substance Use, 21:5 (2016)*

**Mandatory addiction treatment for people who use drugs: global health and human rights analysis**
*BMJ, 353 (2016)*

**Neuropsychiatric safety and efficacy of varenicline, bupropion, and nicotine patch in smokers with and without psychiatric disorders (EAGLES): a double-blind, randomised, placebo-controlled clinical trial**
*The Lancet, 387:10037 (2016)*

#### ADHD/Autism

**Prevalence of adult ADHD in an all-female prison unit**
*ADHD Attention Deficit and Hyperactivity Disorders, 8:2 (2016)*

**Age-related differences in cognition across the adult lifespan in autism spectrum disorder**
*Autism Research, 9:6 (2016)*

**A systematic review and meta-analysis of the long-term overall outcome of autism spectrum disorders in adolescence and adulthood**
*Acta Psychiatrica Scandinavica, 133:6 (2016)*

#### Anxiety Disorders

**Development and randomized trial evaluation of a novel computer-delivered anxiety sensitivity intervention**
*Behaviour Research and Therapy, Volume 81 (2016)*

#### Child and Adolescent Mental Health
The “Supporting Kids, Avoiding Problems” (SKIP) study: relationships between school exclusion, psychopathology, development and attainment – a case control study
Journal of Children’s Services, 11:2 (2016)

Latent class profiles of depressive symptoms from early to middle childhood: predictors, outcomes, and gender effects

The Effect of Exercise on Depressive Symptoms in Adolescents: A Systematic Review and Meta-Analysis

The Status of Irritability in Psychiatry: A Conceptual and Quantitative Review

Rapidly Versus Slowly Progressing Patients With Alzheimer’s Disease
American Journal of Alzheimer’s Disease and other Dementias, 31:4 (2016)

Suicidal depressed patients respond less well to antidepressants in the short term
Depression and Anxiety, 33:6 (2016)

Influence of Psychiatric and Personality Disorders on Smoking Cessation Among Individuals in Opiate Dependence Treatment
Journal of Dual Diagnosis, 12:2 (2016)

Increased use of antimicrobial medication in bulimia nervosa and binge-eating disorder prior to the eating disorder treatment

A Narrative Review of Outcome Studies for Residential and Partial Hospital-based Treatment of Eating Disorders
Forensic Psychiatry

Appeals against detention in excessive security (outcomes of appeals against detention in conditions of excessive security in Scotland)
*Medicine, Science and the law, 56:3 (2016)*

Learning Disabilities

Implementing UK Autism policy & national institute for health and care excellence guidance - assessing the impact of Autism training for frontline staff in community learning disabilities teams
*British Journal of Learning Disabilities, 44:2 (2016)*

Interventions for adults with mild intellectual disabilities and mental ill-health: a systematic review
*Journal of Intellectual Disability Research, 60:6 (2016)*

Occupational Therapy

Survey Instruments for Knowledge, Skills, Attitudes and Behaviour Related to Evidence-based Practice in Occupational Therapy: A Systematic Review
*Occupational Therapy International, 23:2 (2016)*

A Quantitative Summary of The Listening Program (TLP) Efficacy Studies: What Areas Were Found to Improve by TLP Intervention?
*Occupational Therapy International, 23:2 (2016)*

The journey of young people in an early psychosis program involved in participatory photography
*British Journal of Occupational Therapy, 79:6 (2016)*

Perinatal and Infant Mental Health

Preterm birth is associated with atypical social orienting in infancy detected using eye tracking
*Journal of Child Psychology and Psychiatry, 57:7 (2016)*

Computer- or web-based interventions for perinatal mental health: A systematic review
*Journal of Affective Disorders, Volume 197 (2016)*

Personality Disorders

Nothing new this issue

Psychology and Psychotherapy

Effectiveness of a school-based mindfulness program for transdiagnostic prevention in young adolescents
*Behaviour Research and Therapy, Volume 81 (2016)*
Psychological interventions for housebound people with psychosis: service user and therapist perspectives in South East London
*Journal of Mental Health, 25:3 (2016)*

**Psychopharmacology**

Treating posttraumatic stress disorder with MDMA-assisted psychotherapy: A preliminary meta-analysis and comparison to prolonged exposure therapy
*Journal of Psychopharmacology, 30:7 (2016)*

Impulsivity and attentional bias as predictors of modafinil treatment outcome for retention and drug use in crack-cocaine dependent patients: Results of a randomised controlled trial
*Journal of Psychopharmacology, 30:7 (2016)*

Factors important to psychiatrists when prescribing depot antipsychotics
*Progress in Neurology and Psychiatry, 20:3 (2016)*

Clinical Characteristics and Predictors of Outcome of Schizophrenia-Spectrum Psychosis in Children and Adolescents: A Systematic Review
*Journal of Child and Adolescent Psychopharmacology, 26:5 (2016)*

**Schizophrenia/Psychosis**

Cost-Effectiveness of Comprehensive, Integrated Care for First Episode Psychosis in the NIMH RAISE Early Treatment Program

Predictors of long-term (≥ 6 months) antipsychotic polypharmacy prescribing in secondary mental healthcare
*Schizophrenia Research, 174:1-3 (2016)*

Therapeutic effectiveness and tolerability of aripiprazole as initial choice of treatment in first episode psychosis in an early intervention service: A one-year outcome study
*Schizophrenia Research, 174:1-3 (2016)*

**Self-harm and Suicide**

Clinical management following self-harm in a UK-wide primary care cohort
*Journal of affective Disorders, Volume 197 (2016)*

Implicit cognition about self-injury predicts actual self-injurious behavior: results from a longitudinal study of adolescents
*Journal of Child Psychology and Psychiatry, 57:7 (2016)*

Psychological Resilience Provides No Independent Protection From Suicidal Risk
*Crisis, 37:2 (2016)*

The relationship between the prescription of psychotrophic drugs and suicide rates in adults in England and Wales
*Medicine, Science and the law, 56:3 (2016)*
Mental health service changes, organisational factors, and patient suicide in England in 1997–2012: a before-and-after study
*The Lancet Psychiatry, 3:6 (2016)*

Direct versus indirect psychosocial and behavioural interventions to prevent suicide and suicide attempts: a systematic review and meta-analysis
*The Lancet Psychiatry, 3:6 (2016)*

**Service Development and Delivery**

Recovery-Oriented Practice in Mental Health Inpatient Settings: A Literature Review
*Psychiatric Services, 67:6 (2016)*

**Social Work**

Improving interprofessional collaboration: The effect of training in nonviolent communication
*Social Work in Health Care, 55:6 (2016)*
